Trachoma Song

Clean Faces, Strong Eyes!

When your eyes are grotty,
Germs can sneak inside,
When your nose is snotty,
Germs can always hide.

Have you got a clean face?
Do your eyes have grot?
Have you got a clean face?
Did you clear the snot?

If your nose is runny,
Blow the snot away,
If your eyes are mucky,
Wash the germs away.

Have you got a clean face?
Do your eyes have grot?
Have you got a clean face?
Did you clear the snot?

Teach your bro and sister,
About a clean face,
To stop Trachoma germs,
Spreading 'round your place.

Have you got a clean face?
Do your eyes have grot?
Have you got a clean face?
Did you clear the snot?

Try and keep your face clean,
Shower every night,
You'll kill the germs to win,
The Trachoma fight.
